MODERN SLAVERY POLICY

Content:

1. Introduction
2. Organisation's Structure
3. Our Policy on Slavery and Human Trafficking
4. Supplier Adherence to our Values and Ethics
5. Our Continued Commitment

1. Introduction from the Managing Director

Slavery and human trafficking remains a hidden blight on our global society. We all have a responsibility to be alert to the risks, however small, in our business and in the wider supply chain. We have a zero-tolerance approach to modern slavery, and we strive to act ethically and with integrity in all our business dealings and relationships.

2. Organisation's Structure

LJR Engineering is a small, limited company providing Mechanical, Electrical, Instrumentation, Control and Automation services primarily for the Water Industry.

3. Our Policy on Slavery and Human Trafficking

We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Our Anti-Slavery Policy reflects our commitment to acting ethically and with integrity in our business relationships and to implement effective systems and controls to ensure slavery and human trafficking is not taking place anywhere in our supply chains.

4. Supplier Adherence to our Values and Ethics

We ensure our contracted suppliers are aware of, and in agreement with, our ethical requirements.

5. Our Continued Commitment

We recognise the importance of maintaining constant vigilance to identify and address any issues associated with slavery and human trafficking within our company and supply chains. We are committed to continuing to enhance our capacity to identify, prevent and mitigate any actual or potential risks in these areas.

This statement is made in accordance with section 54 (Part 6) of the Modern Slavery Act 2015.
